

Power of the green™

Bellagio Series S-3000B Single Hung Vinyl Window

INTRODUCING

Bellagio Series Vinyl Window

Nail on vinyl windows are one of the easiest ways to dramatically impact a home's appearance and value. The Bellagio Series Vinyl Windows from Green World Windows offer homeowners exactly what they are looking for in a window architecturally styled, engineered for function, decoration, all backed with Green World Windows's Limited Lifetime Warranty and service.

Bellagio Series Windows with Low E glass I.G. filled with argon are in the Green World Windows iGreenMaxi package which is the Future Window, far beyond current Energy Star requirements.

STANDARD FEATURES

Frame with 3 1/4" depth and designed with detail to provide a traditional window look.

Precision-mitered, fusion-welded frame corners are smooth and permanently weather-tight.

Multi-Chambered frame provides better thermo insulation, structural strength and easy installation.

Single Hung with Block & Tackle balance system provides consistent, long lasting ease of operation.

Galvanized steel reinforced meeting rail and interlock provide a lifetime of security and strength.

Dual pane 3/4" I.G. glass unit provide Green World energy efficiency and noise reduction.

Fin-seal weather stripping for air and water resistance.
