

Power of the green™

# Platinum Series Single Hung Vinyl Window S-2800

## INTRODUCING

### PLATINUM SERIES VINYL REPLACEMENT WINDOW

Replacement vinyl windows are one of the easiest ways to dramatically impact a home's appearance and value. The Platinum Series Vinyl Windows from Green World Windows offer homeowners exactly what they are looking for in a window architecturally styled, engineered for function, decoration, all backed with Green World Windows's Lifetime Warranty and service.

Platinum Serie windows with Low-E glass I.G. filled with argon are in the Green World Windows "GreenMax" package, which has excellent thermo performance with current Energy Star requirements.

### Standard Features:

- Frame with inward bevel detail to provide a traditional wood look.
- Precision-mitered, fusion-welded frame corners are smooth and permanently weather-tight.
- Multi-Chambered frame and dual wall retrofit fin provide better thermo insulation, structural strength and easy installation.
- Single Hung with Block & Tackle balance system provides consistent, long lasting ease of operation.
- Aluminum reinforced meeting rail and interlock provide a lifetime of security and strength. Dual pane 3/4" I.G. glass unit provide Green World energy efficiency and noise reduction.
- Fin-seal weather stripping for air and water resistance.
- Pre-Punched installation holes and hole plugs come with all windows.
